

## Testimonial for 2ii Consulting Quantity Surveyors

To whom it may concern,

I am pleased to provide this testimonial for 2ii Consulting Quantity Surveyors, who served as the Quantity Surveyor (QS) on recent architectural projects I worked on. Throughout my collaboration, 2ii demonstrated exceptional professionalism and commitment to excellence, which significantly contributed to the success of my projects.

From the onset, I was impressed with 2ii's ability to provide accurate estimations and budget planning. Their meticulous approach to cost management ensured that we maintained financial control without compromising on quality. This accuracy not only helped me stay within budget but also delivered a final product that offered exceptional value for money.

One of the standout qualities of 2ii is their commitment to ethical conduct. Their integrity and transparency in all dealings provided a solid foundation of trust, which is crucial in any professional relationship. Moreover, 2ii consistently went above and beyond, demonstrating a willingness to go the extra mile to ensure project success. This level of dedication was evident in their proactive approach and their readiness to address any challenges promptly and effectively.

I have full confidence in 2ii's professional advice, which has always been well-informed and insightful. Their contributions have not only enhanced the quality of my projects but have also played a significant role in our overall success. I am grateful for their support and expertise, which have been invaluable throughout the project's duration.

Without hesitation, I would highly recommend 2ii for any future projects. Their exceptional service, combined with their professional demeanour and ethical standards, makes them an asset to any team. I look forward to the opportunity to work with 2ii again and am confident that they will continue to deliver outstanding results.

Sincerely,

Pierre Du Plessis  
Associate, Professional Architect
